

Ski Trail Condition Report

McKeever Cross Country Ski Trail

Location: Located on Hwy 13, 14 miles south of Wetmore, MI.

For more information: 906-387-2512

Comments: Loop A, B and C have tracks set. Snow is thin under the conifers. On loop A where Otter Slide is, there is still some open water due to beaver activity, so use caution, we will need cold weather and more snow to make that section skiable with a set track.

Grooming Update
